

PARAPROFESSIONAL TRAININGS: Preparation for Instructional Success...Deepening Understanding of Math for Elementary (K-5)

Four training opportunities will be offered for paraprofessionals and/or after-school staff to come and receive training in a variety of areas. Each session will be independent of the other sessions that are offered so that paraprofessionals can come to any one or a variety of the sessions offered that best meet their needs.

Session #1: Decimal Exploration
