The Progressions of High School Math Conceptual Clusters in the Integrated Pathway with a Focus on the Math 2 Standards

With a new focus around the six conceptual clusters that comprise the math content for grades 9-11, this 2-day workshop will look at how the mathematics progresses with an integrated approach. Time will be spent on strategies to help students be successful with the skills and understanding needed to pursue complex tasks within each cluster. We will also examine proposed SMARTER BALANCED questions and their instructional implications.

Day 1 of 2 — February 5, 2014 (lunch provided)
Day 2 of 2 — February 19, 2014 (lunch provided)

Time: 8:00 am—2:30 pm
Cost: $200 per attendee
